

The Super Trader Program

Accelerated Program

Incentive Bonus

Join by August 30, 2021

Deduct 1/3 Off Tuition

Opens July 1 – Closes August 30

Fast Track Achievers Can Complete the New Format of the Program in Less Time:

- [In this interview](#) with a current fast-track Super Trader students, you'll get to hear about their experiences with the successful completion of lessons and winning strategies for the program.
- The new four-level structure of the program has proven a successful format for all students and an expedited path for fast-track achievers.

The Four Level Super Trader Program...

The mission of the Super Trader program is to not only transform your trading but also your life. To accomplish that mission, you will commit to investing a substantial amount of your time, money, and effort over the next few years.

Regardless of your previous trading experience, you will work together with me and my team of coaches to define specific objectives for you to meet during the program and create a customized curriculum to help you reach those objectives.

FOUNDATION PROGRAM

Level One

Fundamental lessons which form the base of everything we teach.

AWAKENING PROGRAM

Level Two

What we call the "Hero's Journey." A personal path to a high level of awareness and transformation.

PROFESSIONAL PROGRAM

Level Three

Set yourself apart from most professional traders and learn how to treat trading as a business.

GRADUATE PROGRAM

Level Four

Develop trading systems that lead you to financial freedom and learn how to manufacture R through mistake reduction.

Lesson Timeframes

1 FOUNDATION PROGRAM →
10 lessons: 410 hrs or 8 hrs per week to complete in a year.

Workshops: None required for lessons, but you should take Peak 101 and Systems Development, plus some of those required for STA which may not be offered when you need them.

3 PROFESSIONAL PROGRAM →
Possible to finish in 3 months. Many don't because technical workshops are available at this level and they get lost in those.

Workshops Required

- Systems Thinking
- Peak 204

Both available as Video on Demand.

2 AWAKENING PROGRAM
13 lessons: 750 hrs or 15 hrs/week.

Workshops Required:

- Peak 101
 - Peak 202
 - Peak 203
 - Infinite Wealth
-

4 GRADUATE PROGRAM
Once three systems are approved you have forever to graduate.

Develop trading systems that lead to financial freedom and learning how to manufacture R through mistake reduction. There are plenty of good systems offered through our technical workshops or you can develop what works for you.

Special Fast Track Offer.

Regular pricing for Levels 1 & 2 would cost \$45,000, or \$22,500 per year.

Join for a two-year fast track path for only \$15,000 per year.

- That's over a 33% deduction when you **join by August 30 and before we reach our cap of 30 new students.** (We already have ten candidates on a waitlist to join in July.)

Terms:

- **Full payment of \$30,000 upfront:** Your advantage is that you get all of your eligible deductions for STF and STA applied upfront. (Deductions for higher-level programs can not be applied to this discount offer at any stage or for any payment plan option).

or

- **Two payments:** You may also choose to make two payments instead of one lump sum. In this case \$15,000 is due to join and deductions will be taken from your second and final payment which is due in 6 months from join date. (Deductions for higher-level programs can not be applied to this discount offer at any stage or for any payment plan option).

Timeframe:

- You will have two years in the program to complete STF and STA (and possibly more levels which all depends on your progress and pace).
- However, you must have a full year left to begin another program without owing any additional money. The goal will be to finish STF in LESS than a year. You should be able to complete STF in several months.

What If I Need More Time To Complete The Next Levels?

- If you finish ST Foundation, Awakening, and Professional in a year (like our guest Louise is attempting) then you'd have a year left and could do ST Graduation without paying anything more to complete all four levels.
- But if you take more than a year to complete STF, then you'd owe another \$25K to move on to STA.
- Again, this offer is for a fast-track completion of STF and the chance to complete more levels. But, for example, if you take 14 months to complete STF you can't start STA with less than a year remaining.

What If I Exceed One Year in STF?

- If you take more than a year to complete STF you can take two paths.
 - 1) Use your remaining time to complete STF and take included workshops until your time is complete if you choose not to go to the next level.
 - 2) Pay to continue to the next level and rollover your remaining months to use as needed. In the example in which you took 14 months to complete STF, you would have the remaining 10 months to add to your next programs.

Level 1 & 2 Deductions Allowed Upfront

- You can deduct 40% of the amount you have paid for any VTI product and workshop within the ST Foundation program and ST Awakening program in the previous ten years. (The products and workshops must be part of STF or STA programs)
- Eligible workshops attended in the past three months are 100% deductible. These workshops will qualify as workshop credits. You are allowed to attend balance (7-credits used) new workshops. However, you are allowed to repeat the ones you attended in the past three months at no charge.

Lessons and Workshops

- ▶ The program consists of a series of lessons you must complete to the satisfaction of your coach. As you complete one lesson you move to the next as you progress through the program.
- ▶ Lessons in STF are not reliant on workshop attendance. If a workshop is required to complete the lesson you won't have to hold your progress to wait for the workshop. You can move to the next lesson.
- ▶ You start with 7 workshops included in STF. Only one workshop is required at this level of the program; Peak Performance 101. You may choose the other 6 from a list of included events.

More About Lessons

- ▶ On average the 10 lessons in STF take about 410 hours to complete. That's about 8 hours a week to finish in a year; and 16 hours a week to finish in six months.
- ▶ On average it takes another 750 hours to complete STA. That's about 15 hours per week to finish in a year or 30 hours per week to finish in six months.
- ▶ The business handbook (part of level 3, the Graduate program) has a wide variance on completion time per individual, but if you just take the two required workshops, (Systems Thinking and Mental Strategies) and work directly on the handbook, it could easily be complete in 3 months.

More About Workshops

- All of our workshops in 2021 will be presented online, so you will have no travel costs and no worries about COVID-19. Completing the program from anywhere in the world will be easier than ever before.
- Super Trader Exclusive Opportunity: Of the workshops included, starting with STF, you can choose to take the VTI Super Trader Crypto Systems workshop.
 - You qualify to attend once you've passed the Definitive Guide Test with a 100% score and applicable lessons 1 & 2 in STF.

Do I Get to See a Workshop Schedule in Advance of Joining?

- ▶ **Our schedule is set anywhere from three to six months in advance.**
 - The workshops included in STF and STA are held at least once in a two-year period. (Peak 101 is held more often than the rest, generally once per quarter).
 - Since some workshops are offered once per year be sure to register for that workshop. If the dates or times are not convenient for you to attend via live stream you can watch the recording. Use recordings as sparingly as possible because group interaction is important and should be the goal of attending in real-time.

Are There Limits to this Program Offer?

- ▶ Yes, it's only available to those joining the ST Foundation between July 1 and August 30, 2021
 - What if I can't start then?
 - Payment must be made by August 30. After that you have a one-month window to join. Therefore, you must join on or before October 1, 2021.
- ▶ The new student cap is 30 total.
 - We have 10 applications already in hand.
- ✦ *To benefit from the special offer, finish STF in less than a year, otherwise new payments are due to continue.*

Are There Any Refunds?

- ▶ **If I decide to pay now and plan to start ST Foundation program later in 2021, but then decide not to join, can I get a refund?**
 - No, refunds are not available in the Super Trader Program. However, you may make two payments in which case in 6 months when the next payment is due you have the opportunity to reassess your status in the program.

Can Current Super Trader Students Take Advantage Of This Offer?

- ▶ **Yes! Current Super Traders may also take advantage of this offer to extend their current programs.**

What Are the Steps to Join...

- Request your STF application Form by emailing customerservice@vantharp.com. It's ok to request an application even if you are not 100% sure yet.
- Submit the application for approval.
- You will receive an email of acceptance.
- An invoice will be sent with bank details for wiring payment.
- Once your payment is submitted, you will receive a welcome letter if you are joining immediately. If you wish to join later it must be before October 1, 2021.

Regular Cost to Join - Level 1 - STF

- ▶ *The Super Trader Foundation program is \$20,000 for one year.*
- ▶ *The Foundation level of the program is the first level. The next levels in order are Awakening, Professional, and Graduate.*
- ▶ *How it works: Students complete the Foundation program and then move into Awakening. The same process continues through the Graduate level.*

Regular Cost to Join - Level 2 - STA

- *The Awakening level is \$25,000 per year. In addition, at this point, you may deduct up to 40% of the cost of any VTI workshops that you took before joining ST Foundation that are included in the ST Awakening program.*

Regular Cost to Join - Level 3

The Professional Program is \$25,000 for the year. You will have one year to complete the program

In the event that you don't finish ST Professional in the allotted time, then you may extend your time for \$1,000/month.

Regular Cost to Join - Level 4

The ST Graduate Program is \$25,000.
